On.....Burton Holmes will introduce you to the oldest and most close-mouthed lady in the world,---the Sphinx. In the former little picture-journey, he brought you to the edge of the sandy Sahara, with the Pyramids towering directly ahead of you; this time he will take you to the Pyramids themselves and then take you to pay a call on the Sphinx, a lady so celebrated as to make it a distinct honor to look her straight in the eye and try to read the mind of one who has held the same position in the world for thousands and thousands of years and who has looked down upon history-in-the-making, ever since history began.

For HOUSE ORGAN:

If you want to call on the most close-mouthed lady in the whole world,---and the oldest,---join Burton Holmes' party which is going to explore the Pyramids and make a formal visit to the Sphinx. Mr. Holmes will show her in many new moods and in many unusual manifestations of her mysterious self.
